

drawings were amended in response an Office Action dated July 3, 1995. FIG. 12 was added to depict the features of claim 14, lines 2-4 of the parent application. This feature was described in the application as originally filed in claim 14 as well as in the specification at page 3, lines 16-19. The Examiner approved this Drawing Amendment in the parent application on January 17, 1996.

Furthermore, FIG. 13 is added to depict the feature regarding the use of a fence as a separator means as described in the application as originally filed at page 11, line 5. FIG. 14 illustrates the alternative wheel embodiment for the drive means described at page 11, line 6.

FIGS. 15 and 16 depict the conveyor belt embodiment of the drive means described at lines 13 and 14 of page 11 of the application as originally filed. Accordingly, applicants submit that no new matter is added and respectfully request entry of the Amendment.

Early and favorable action is earnestly solicited.

Respectfully submitted,

Howard M. Gitten
